An individual **seeking** the nomination as an official candidate of a registered political party (a “party”) in an electoral district must complete the registration process

An individual who is uncontested in a nomination contest in an electoral district and is **elected by acclamation** as the party’s candidate is still considered a nomination contestant and must complete the registration process

An individual who is **appointed** as a candidate of a party without there being a nomination contest is not considered to be a nomination contestant and is not required to register

Registration Process
