Starting time of the 2010 election period

Chief Electoral Officer and Supervisor of Political Financing

I have been requested to issue a directive concerning the commencement time of the 2010 General Election, in order to avoid different interpretations and any resulting confusion.

The official starting time of the provincial general election of September 27, 2010, shall be at 12:01 AM, Thursday, August 26, 2010. At that time, all 55 Writs of Election shall be deemed to be issued. All election advertising, including the posting of signs, publication or broadcasting of election advertisements, use of election buses or vehicles, and other election expenditures, may commence.
